Opposition No. _____

Anti-knock substances for internal combustion engines; Brake fluid; Chemical additives for enhancing the performance of lubricating oils, greases and internal combustion engine fuels; Chemical additives for fuel treatment; Chemical additives for oil well drilling fluid; Chemical additives for oils; Chemical additives for use with internal combustion engine fuels; Chemical adsorbents for removing impurities from fuel; Chemical engine treatments and additives for engine oils, gasoline and diesel fuels, transmission fluids and cooling systems; Chemical motor oil additives; Coolants for vehicle engines; Detergent additive for use with motor oil; Engine

decarbonizing chemicals; Engine decarbonizing chemicals; Flushing agents for automobile radiators; Fuel injection cleaner chemical additive; Hydraulic fluid; Hydraulic fluids for general use; Power steering fluid; Transmission fluid, in International Class 1; and

All purpose lubricants; All purpose penetrating oil; Automobile lubricants; Automotive greases; Automotive lubricants; Diesel oil; Drilling lubricants; Engine oils; Gear oils; General purpose greases; Grease for machines; Hydraulic oils; Industrial and vehicular lubricants; Industrial greases; Industrial lubricants; Industrial oils; Lubricants for aircraft engines; Lubricants for use on household items; Lubricating greases; Lubricating oil for motor vehicle engines; Lubricating oils; Lubricating oils and greases; Lubrication grease for vehicles; Marine lubricants; Mineral oils and greases for industrial purposes; Motor oil; Motor oils; Non-chemical additives for fuels, lubricants and greases; Non-chemical additives for oils and fuels; Non-chemical engine treatments and additives for engine oils, gasoline and diesel fuels, transmission fluids and cooling systems; Non-chemical motor oil additives; Non-mineral oils and greases for industrial purposes; Penetrating oil; Two cycle engine oil, in International Class 4.

Penske hereby opposes said application under the provisions of Section 13 of the Trademark Act of 1946, 15 U.S.C. §1063. As grounds for opposition, it is alleged that:

1. Penske is a Delaware Corporation with a principal place of business at 2555 Telegraph Road, Bloomfield Hills, Michigan 48302.

2. Penske has longstanding trademark rights in PENSKE and other PENSKE-formative marks in the United States and other foreign jurisdictions, including the U.S. federally-registered marks PENSKE (U.S. Reg. No. 2132515), PENSKE RACING SHOCKS (U.S. Reg. No. 2047592), PENSKE RACING AUTHENTICS (U.S. Reg. No. 2566860), PENSKE PRECISION PLUS (U.S. Reg. No. 3142911), PENSKE PRECISION MAINTENANCE (U.S. Reg. No.

3139819), PENSKE PRECISION LEASE (U.S. Reg. No. 3040449) and PENSKE TRUCK LEASING (U.S. Reg. No. 1795304) (collectively the "PENSKE Marks") and pending applications for marks TEAM PENSKE (Ser. Nos. 77819730, 77798841, and 77942641) and PENSKE RACING (Ser. Nos. 77798855 and 77942610). Attached hereto and made part of the record are true and correct copies of the United States Certificates of Registration and TARR and TESS print-outs for these Registrations and Applications. See Exhibit A.

3. The Registrations are valid, subsisting and provide conclusive evidence of Penske's right to use the trademark in commerce.

4. Since as early as April 1982, Penske has prominently used the PENSKE Marks in connection with high-performance professional motorsports, retail automotive sales and services, truck leasing, transportation components manufacturing, and transportation logistics. Penske was founded by Roger S. Penske, a renowned winning racer in the late 1950s, an International Motorsports Hall of Fame and Motorsports Hall of Fame of America inductee, the creator of one of the most successful automobile racing teams in history, Penske Racing, and presently one of the United States' leading business entrepreneurs, having also created Penske Automotive Group and Penske Truck Leasing.

5. Penske additionally uses its PENSKE Marks in connection with shock oil, namely, PENSKE RACING SHOCKS Suspension Fluid. See Exhibit B.

6. Penske's customers have come to know and recognize the PENSKE Marks and associate the same with Penske, and Penske has thus built up extensive and invaluable goodwill in connection with the sale of goods and services under the PENSKE Marks. By virtue of the wide renown of the PENSKE Marks, and the wide geographic availability and extensive notoriety of Penske's goods and services, the PENSKE Marks have become famous and distinctive in the minds of the purchasing public.

7. Applicant, an individual having an address at 389 Arden Ave, Unit #1, Glendale, CA 91203, filed two prior applications for PENSKE TOOLS (Ser. No. 77/863250) and PENSKE OIL

(Ser. No. 77/847600), which are facing Final Office Actions issued by the United States Patent and Trademark Office based on likelihood of confusion with the PENSKE Marks and the fame accompanied therewith.

8. Penske, through counsel, sent a letter correspondence via courier and facsimile to Applicant on November 25, 2009 informing Applicant of Penske's prior established rights in and to the PENSKE Marks and demanding that Applicant voluntarily abandon the infringing trademark applications for PENSKE TOOLS and PENSKE OIL. On December 15, 2009, Penske received a letter correspondence from counsel via courier for Applicant confirming receipt of the letter dated November 25, 2009, and denying infringement of the PENSKE Marks. Thereafter, on January 11, 2010, Applicant, through counsel, extended an offer via telephone to Penske, through counsel, to purchase Applicant's oil business. Penske turned down this offer and again demanded the abandonment of those applications. As a result, Applicant knew of the PENSKE Marks when Applicant filed the present application.

9. Notwithstanding Applicant's knowledge of Penske's prior established rights in and to the PENSKE Marks, Applicant filed a subsequent intent-to-use application for the trademark PENSKEI MOTOR OIL in the United States. Said application was assigned Serial No. 77/883738. Therefore, no issue as to priority exists as Penske enjoys prior rights.

10. Penske has used its PENSKE Marks continuously on or in connection with its goods and services in interstate commerce prior to the filing date of Applicant's application.

11. The Mark that Applicant seeks to register so resembles the PENSKE Marks in appearance, sound, meaning, and commercial impression that the use and registration thereof is likely to cause confusion, mistake and deception as to the source or origin of Applicant's goods and will injure and damage Penske and the goodwill and reputation symbolized by the PENSKE Marks.

12. Applicant's goods are so related to the goods sold under the PENSKE Marks that the public is likely to be confused, to be deceived and to assume erroneously that Applicant's goods

and services are those of Penske and that Applicant is in some way connected with, licensed or sponsored by or affiliated with Penske or Roger S. Penske, all to Penske's irreparable damage.

13. Applicant's application is also diluting or will dilute the distinctive symbol of Penske's trademarks and the goodwill associated therewith in violation of 15 U.S.C. § 1125(c).

14. Likelihood of tarnishment and damage to Penske's goodwill is enhanced by the fact that prospective customers who encounter defects in the quality of Applicant's goods will attribute those defects to Penske, which in turn will tarnish Penske's goodwill.

15. Use or registration of Applicant's alleged Mark will lessen the capacity of Penske's PENSKE Marks to identify and distinguish Penske's goods.

If Applicant obtains such rights as conferred under the Principal Register of the Trademark Act of 1946, he will obtain at least a *prima facie* exclusive right to use his alleged trademark, and Penske will be subjected to great and irreparable damage, and Applicant will enjoy unlawful gain and advantage to which it is not entitled under the Trademark Act of 1946.

WHEREFORE, Penske believes and avers that it is being, and will continue to be, damaged by registration of the Mark, and respectfully requests that said Application Serial No. 77/883738 be rejected, that no registration be issued thereon to Applicant, and that the Opposition be sustained in favor of Penske.

Penske hereby appoints Ann K. Ford, a member of the Bar of the District of Columbia; Thomas E. Zutic, a member of the Bar of the District of Columbia; Ryan C. Compton, a member of the Bar of the District of Columbia; John M. Nading, a member of the Bar of the District of Columbia; David Kramer, a member of the Bar of the District of Columbia; Radiance A. Walters, a member of the Bar of Maryland; and all of the law firm of DLA Piper LLP (US) to transact all business in the Patent and Trademark Office in connection with the above opposition proceeding and hereby revokes all previous powers of attorney herein.

Welcome to your personal parts counter.

Whether you're restoring a classic or maintaining your late-model vehicle, PenskeParts.com can deliver the genuine factory parts you need quickly and easily. Our online catalog uses the same searchable diagrams that you would find at a dealership parts counter, with up-front pricing and calculated real-time shipping options. All of our parts and accessories are genuine OEM and ship to you directly. Our expert parts specialists are available to help answer your technical questions and to help you with your orders. To get started, simply click on the logo of your vehicle. Thanks for choosing PenskeParts.com!
